**PETITION FOR APPROVAL OF A VOLUNTARILY NEGOTIATED CELLULAR AND
OTHER 2-WAY MOBILE RADIO SERVICES INTERCONNECTION AGREEMENT**

Citizens Telecommunications Company of Tennessee ("CTC-TN"), by its attorney, pursuant to Section 252(e) of the Communications Act of 1934, as amended (the "Act"), 47 U.S.C. § 252(e), submits its petition for approval of a Cellular and Other 2-Way Mobile Radio Services interconnection agreement with TeleCorp Communications, Inc. ("TeleCorp") and respectfully shows as follows:

1. CTC-TN is an incumbent local exchange telephone company providing telephone service in Tennessee.
2. TeleCorp is a wireless telecommunications company authorized by Federal Communications Commission (FCC) to provide wireless telecommunications services in Tennessee.
3. Pursuant to Section 252(a)(1) of the Act, CTC-TN and TeleCorp have, through voluntary negotiations, entered into a binding agreement for the interconnection and interchange of traffic between their respective systems. That agreement, a true and correct copy of which is appended as Attachment 1 hereto, consistent with Section 252(a)(1) of the Act, includes a

“detailed schedule of itemized charges for interconnection and each service or network element included in the Agreement.”

4. Sections 252(a)(1) and 252(e) require that the voluntarily negotiated interconnection agreement between the parties be presented to the TRA for approval.

5. The voluntarily negotiated interconnection agreement presented for approval with this petition does not discriminate against any telecommunications carrier that is not a party and is fully consistent with the public interest, convenience and necessity. Accordingly, it should be approved by the TRA.

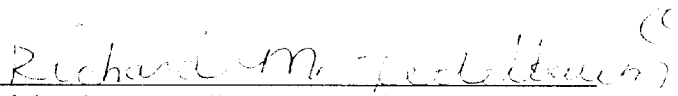

Conclusion

Citizens Telecommunications Company of Tennessee requests that the TRA, upon consideration of the attached voluntarily negotiated interconnection agreement, approve that agreement.

Respectfully submitted,

INTERCONNECTION AND TRAFFIC INTERCHANGE AGREEMENT CELLULAR AND OTHER 2-WAY MOBILE RADIO SERVICES

THIS AGREEMENT is made this 16th day of October, 2000 by and between Citizens Telecommunications Company of Tennessee LLC, a Delaware corporation, with offices at 3 High Ridge Park, Stamford, CT 06905 (referred to as "Citizens"), and TeleCorp Communications, Inc., a Delaware corporation, together with its Affiliates (as defined hereunder) with offices for purposes of this Agreement at 4400 Mendenhall Road, Suite 8, Memphis, TN 38141 (TeleCorp Communications, Inc. and its Affiliates collectively referred to as the "Carrier"). Carrier and Citizens may also be referred to herein collectively as the "Parties" and singularly as a "Party".

WITNESSETH:

Citizens is an authorized telecommunications carrier engaged in providing 2-way telecommunications service in the state identified in the Attachment(s); and

Carrier is an authorized telecommunications carrier by radio engaged in providing mobile radio telecommunications service in the state identified in the Attachment(s); and

Citizens and Carrier desire to interconnect their facilities and interchange traffic for the provision of telecommunications service pursuant to 47 U.S.C. Section 251(a) (2);

In consideration of their mutual agreements, Citizens and Carrier agree as follows:

SECTION 1. DEFINITIONS

For purposes of this Agreement, the following definitions will apply:

ACCESS TANDEM -- Citizens' switching system that provides a traffic concentration and distribution function for traffic originating from or terminating to end offices in the access area.

AUTOMATIC NUMBER IDENTIFICATION ("ANI") -- The automatic identification of the calling station.

AUTHORIZED SERVICES -- Those mobile radio services which the Carrier now or hereafter provides to its end users on an interconnected basis.

CARRIER'S PREMISES -- A location designated by the Carrier for the purposes of originating or terminating services provided by Citizens.

CARRIER'S SYSTEM -- The communications system of Carrier used to furnish public mobile services.

CENTRAL OFFICE PREFIX (NXX Code) -- The first three digits of the seven-digit directory number and associated block of 10,000 numbers for use in accordance with the North American Dialing Plan.

CITIZENS' SYSTEM -- The communications network of Citizens.

CONNECTING FACILITY -- A means for providing access between Citizens' end office or tandem and the Carrier's Point Of Connection (POC).

DEDICATED NXX -- An NXX which the Carrier has obtained from the number administrator for dedication to its exclusive use and sole administration.

END OFFICE -- The Citizens central office trunking/switching entity where telephone loops are terminated for purposes of interconnection to each other and to the network.

JURISDICTIONAL PERCENTAGES -- Factors that define the reciprocal compensation obligations of Citizens and Carrier. Those factors are as follows:

Percentage Local Usage - LAND-TO-MOBILE DIRECTION ("PLU-Originating") is the amount of traffic within the Local Calling Area in the LAND-TO-MOBILE DIRECTION (land-to-mobile)

Percentage Local Usage - MOBILE-TO-LAND DIRECTION ("PLU-Terminating") is the amount of traffic within the Local Calling Area in the MOBILE-TO-LAND DIRECTION (mobile-to-land).

LOCAL CALLING AREA -- (1) The applicable Major Trading Area ("MTA") will be used to define the local calling area for all telecommunications traffic originated on the system of Carrier and interchanged with Citizens for delivery in Citizens' exchange areas in the same MTA. (2) Citizens' local calling areas, as defined by state regulatory authorities, will be used to define the local calling area for all telecommunications traffic originated on the system of Citizens and interchanged with Carrier. These definitions of "local calling area" will not be deemed to affect the right of either Party to bill its own end-users its own charges for any such call, nor its right to reciprocal compensation, as defined in Section 51.701 of the FCC's Rules.

MAJOR TRADING AREA -- The Major Trading Area ("MTA") is defined as the local calling scope for interconnection and is based on the Rand McNally 1992 Commercial Atlas & Marketing Guide, 123rd Edition, at pages 38-39, with the exceptions contained in Section 24.202(a) of the Rules of the Federal Communications Commission.

MOBILE SWITCHING OFFICE (MSO) -- The Mobile Switching Office used by Carrier in performing originating and terminating functions for calls interchanged between Carrier's customer and the public switched network.

LAND-TO-MOBILE DIRECTION -- Calls from landline customers to Carrier's system. Also referred to as land-to-mobile.

POINT OF INTERCONNECTION (POI) -- Point of Interconnection means the physical location(s) at which the Parties' networks meet for the purpose of establishing interconnection.

SELECTIVE CLASS OF CALL SCREENING (SCCS) -- A service which restricts operator assisted (0-, 0+) mobile-to-land calls via Type 1 interconnections to being charged on a credit card or collect basis.

SERVICE AREA -- Service Area is defined as the geographic area in which Carrier is authorized by the FCC to provide services.

SERVING END OFFICE -- The location from which the Carrier designated premise would normally obtain dial tone from Citizens.

MOBILE-TO-LAND DIRECTION -- Calls from Carrier's premises to landline customers. Also referred to as mobile-to-land.

TOLL BILLING EXCEPTION (TBE) -- A service which restricts operator assisted (0-, 0+) land-to-mobile calls from being sent on a collect (charged to mobile line) basis.

TYPE 1 INTERCONNECTION -- The connection between Carrier's system and a Citizens end office. Type 1 interconnections provide the same access that is available to Citizens end-users, e.g., access to Citizens' directory assistance, operator services, 911/E-911, intra- and interLATA calling, Service Area Codes (e.g., 800, 900), interexchange carrier codes (e.g., 950, 10XXX), and international calling.

TYPE 2A INTERCONNECTION -- The connection between Carrier's System and a Citizens access tandem switch. Type 2A interconnection provides connectivity to all Citizens' end offices subtending the tandem.

TYPE 2B INTERCONNECTION -- A high-usage connection between Carrier's system and a Citizens' end office subtending a Citizens' tandem.

TYPE 2C INTERCONNECTION -- A dedicated connection between Carrier's System and a 911 or E-911 location serving a Company exchange area. No reciprocal compensation is payable on 911 or E-911 calls traversing a Type 2C Interconnection facility. Notwithstanding any provision of a Service Attachment to this Agreement, Company will assess its interstate special access rates to Carrier for Type 2C Interconnection facilities provided by Company.

WIRELESS CARRIER -- Telecommunications common carrier authorized by the Federal Communications Commission (FCC) under FCC rules Part 22 (47 CFR Part 22), Part 24 (47 CFR Part 24), and Part 90 (47 CFR Part 90) which utilizes radio as the principal means of connecting its end-user subscribers with the Public Switched Telephone Network.

SECTION 2. INTERCONNECTION

2.1 Subject to the applicable interconnection rules and regulations, Citizens will provide to Carrier, upon request, those facilities and arrangements described herein and in the Attachments hereto to establish the physical interconnection and interchange of traffic provided for herein and such other facilities Carrier may require and request for operation of its system.

2.2 All interchanged traffic will be handled only over interconnecting facilities as described herein. The type of interconnections offered under this Agreement are designated as Type 1, Type 2A, and Type 2B, as defined in Section 1.

2.3 Carrier may request activation/addition of new locations under the terms and conditions of this Agreement at any time during the term by submitting a request for interconnection to Citizens' Interconnection organization. Citizens will provide an amended Service Attachment to reflect activation or addition of new locations. The Service Attachment will be signed by Citizens' authorized representative and Carrier's authorized representative, affixed to this Agreement, and thereby being made a wholly part and subject to this Agreement. To the extent that any of the Service Attachments may be inconsistent with or in conflict with this Agreement, the Agreement will prevail.

2.4 Carrier agrees to order the appropriate services and facilities required to provision the desired interconnections by following Citizens standard ordering requirements, attached hereto as Schedule "2.4". When submitting orders to Citizens, Carrier will provide the Contract Number contained on the Service Attachment for the given location.

2.5 The terms and conditions of this Agreement will prevail over and supersede any other conflicting rates, terms and conditions contained on Carrier's purchase order for services provided under this Agreement.

2.6 At Carrier's request, Citizens and Carrier will physically interconnect their facilities at Citizens' office or another mutually agreed to POC, and interchange traffic originating and/or terminating on Carrier's System in connection with Carrier's Authorized Services; such interconnection will be in accordance with the service, operating and facility arrangements set forth hereinafter.

SECTION 3. USE OF FACILITIES AND SERVICES

3.1 The interconnecting facilities will be used only for the handling of interchanged traffic originating or terminating on Carrier's System in connection with Carrier's Authorized Services. Such facilities may, however, be used for any lawful use. This Agreement is applicable only to Citizens' serving areas, within Carrier's MTA. Citizens will work with other LECs to provide joint arrangements at a later date, but Citizens will not be responsible for interconnections or contracts relating to Carrier's interconnection with any other LEC.

3.2 Connecting circuits, facilities and arrangements provided pursuant to this Agreement will not be used, switched or otherwise connected together by Carrier for the provision of through calling from a landline telephone to another landline telephone or from a landline telephone to an Internet Service Provider. The only exception is when Carrier's end-user "call forwards" to a landline telephone.

3.3 Connecting circuits, facilities and arrangements provided to Carrier by Citizens will not be used knowingly for any purpose or in any manner, directly or indirectly, in violation of law or in aid of any unlawful act or undertaking.

3.4 When needed and upon request by Carrier, special construction will be undertaken in accordance with the applicable Citizens' tariff or as mutually negotiated by the Parties.

3.5 When Carrier orders a Dedicated NXX as part of a Type 1 interconnection, Carrier will be provided telephone numbers in initial and incremental blocks of one thousand (1,000) numbers each. In order to reserve specific numbers, Carrier will furnish to Citizens its number requirements for planning purposes. Within the number blocks assigned, the assignment and use of such numbers by Carrier for its subscribers for its Authorized Services will be the responsibility of Carrier subject to applicable law. Reserved number blocks will be reserved for a maximum of six (6) months from the request, and will be returned to general availability at such time. Carrier will provide periodic forecasts of number and facility requirements upon reasonable request by Citizens (maximum of two (2) times per year). The forecast will be updated annually or as mutually agreed.

3.5.1 Any other provision of this Agreement notwithstanding, Citizens will recognize, deliver traffic to, accept traffic from, and otherwise honor the validity of any NXX assigned to Carrier by a third party in accordance with 47 USC Section 251(e) (or related FCC or state number administration rules).

3.6 Intentionally left blank.

3.7 Citizens and Carrier each may make reasonable tests and inspections of its facilities and may, upon notice and coordination with the other, temporarily interrupt the facilities being tested or inspected, so long as impairment or restriction of the operation of facilities is minimized. When cooperative testing is requested by either Party, such testing will be done in accordance with this Section 3.

3.8 The characteristics and methods of operation of any circuits, facilities or equipment of either Party connected with the services, facilities or equipment of the other Party pursuant to this Agreement will not interfere with or impair service over any facilities of either Party, its Affiliates, or its connecting and concurring carriers involved in its services, cause damage to their plant, invade the privacy of any communications carried over either Party's facilities or create hazards to the employees of any of them or to the public.

3.9 Intentionally left blank.

3.10 Intentionally left blank.

3.11 Carrier will be solely responsible, at its expense, for the overall design of its services and for any redesigning or rearrangement of its services which may be required because of changes in facilities, operations or procedures of Citizens, minimum network protection criteria, operating or maintenance characteristics of the facilities.

3.12 Mobile customers of Carrier will be instructed to report all cases of trouble to Carrier. In order to facilitate trouble reporting and to coordinate the repair of service provided to Carrier by Citizens under this Agreement, Citizens will designate a Trouble Reporting Control Office (TRCO) for use by Carrier.

3.12.1 Where new facilities, services and arrangements are installed, Citizens, via the TRCO, will ensure that continuity has been established and that appropriate transmission measurements have been made before advising Carrier that the new circuit is ready for service.

3.12.2 Citizens will furnish a trouble reporting telephone number for the designated TRCO. See Attachment 1. This number will give Carrier access to the location where its facility records are normally located and where current status reports on any trouble reports are readily available. Alternative out-of-hours procedures will be established to ensure access by Carrier to a location which is staffed and has the authority to initiate corrective action.

3.12.3 Before Carrier reports a trouble condition, it will use its commercially reasonable efforts to isolate the trouble to Citizens' facilities.

3.12.4 In cases where a trouble condition adversely affects Carrier's service, Citizens will give Carrier the same priority extended to other telephone companies.

3.12.5 Citizens and Carrier will cooperate in isolating the trouble.

SECTION 4. CHARGES FOR FACILITIES AND ARRANGEMENTS

4.1 Reciprocal Termination Charges. Two alternative reciprocal termination charging structures are available to the Parties. The first alternative is a modified bill and keep form of reciprocal termination charging in which, in consideration of lower charges by Citizens for terminating (i.e., mobile-to-land) traffic, Carrier agrees not to assess usage-sensitive charges to Citizens on originating (i.e., land-to-mobile) traffic. The second alternative is a usage-sensitive form of reciprocal termination charging in which each party assesses the other usage sensitive charges for the termination of traffic on each other's system. The Service Attachment appended to this Agreement reflects the alternative selected by the Parties.

4.2. Reciprocal Transport Charges. Reciprocal Transport Charges apply solely to facilities that one Party (the "Terminating Party") provides for the transport of interchanged traffic originated by the other Party from the Point of Interconnection to the Terminating Party's switching system, to the extent that such facilities are physically located within Citizens System. Carrier, where it is the Terminating Party may purchase such facilities from Citizens pursuant to Citizens' applicable special access tariff provisions. Where Carrier interconnects with Citizens by purchasing such facilities from Citizens and these facilities are used for two-way traffic, the applicable recurring charges (if any) will be reduced by a percentage equal to the percentage of traffic on such facilities that originates on Citizens network and terminates on Carrier's network. The apportionment percentage will be revised every six (6) months based on the previous six (6) months' actual usage. All monthly facility charges will be billed in advance, except for those charges due for the initial month or a portion of the initial month during which new items are provided.

4.3. Network Facilities. Each Party is solely responsible for the deployment and the costs of the Network Facilities necessary for the carriage of traffic from its own network to the Point of Interconnection; provided, however, that Citizens shall have no responsibility for delivering traffic to a Point of Interconnection located at any point outside of a Citizens' exchange area. Carrier may, if it so elects, purchase Network Facilities from Citizens for such transport within exchange areas served by Citizens.

4.4 Each Party agrees to pay the other Party all undisputed charges specified on the Service Attachment within thirty (30) calendar days of the bill date as printed on the face of the bill offset by reciprocal compensation charges owed to it by said other Party. If the entire amount billed (excluding any amount disputed by a Party) is not received by the other Party in immediately available funds within thirty (30) calendar days of the bill date (as printed on the face of the bill), a late payment charge will be applied to the unpaid balance. The charge is applied to a total unpaid amount carried forward and is included in the total amount due on the bill. The rate for the late payment charge will be the same as found in Citizens FCC #1 tariff.

4.5 Each Party will charge and collect from the other Party appropriate federal, state and local taxes. Where a Party notifies the other Party and provides appropriate documentation that such Party qualifies for partial or full exemption, then the billing Party will not collect such taxes from the other Party.

4.6 In the absence of an agreement between Carrier, Citizens and other local exchange carriers in the MTA in which Carrier's System is located, Citizens has no obligation to deliver calls in the MOBILE-TO-LAND DIRECTION to points in the MTA in which Carrier's System is located that are beyond Citizens' exchange areas, at rates set forth in the Service Attachment(s) to this Agreement.

4.7 Billing by either Party for calls to be terminated on its own network will begin at trunk seizure and will end at time of call disconnect.

4.8 Minutes of use, or fractions thereof, are accumulated over the billing period. Fractions of minutes are rounded up monthly to the nearest whole minute for total minutes for each end office for billing purposes.

4.9 When measurement capabilities are not available in a Citizens' end office or access tandem due to the lack of the necessary measurement capability or equipment failures, the following assumed minutes of use figures will apply to charges for reciprocal compensation for traffic exchanged between the Parties in both the MOBILE-TO-LAND DIRECTION and the LAND-TO-MOBILE DIRECTION. Type 1 arrangements: 5,000 minutes per month for each voice grade connecting circuit; and 100,000 minutes per month for each DS-1 connecting circuit. These assumed minutes of use will be billed in accordance with the terms and conditions of this Agreement.

4.10 For the purpose of this Agreement, the Parties, when the necessary facilities are deployed, agree to utilize industry standard FGD signaling as described in Citizens FCC #1 tariff, Section 6. When possible, each Party will provide the other Party with all electronic signaling data necessary to bill terminating traffic, including but not limited to ANI.

SECTION 5. ALLOWANCE FOR INTERRUPTIONS

5.1 When use of the facilities furnished by either Party to the other Party in accordance with this Agreement is interrupted due to trouble in such facilities and such interruption is not caused by the interrupted Party, any contractor or supplier of the interrupted Party or its customer, the interrupted Party will, upon request, be allowed a credit as follows:

5.2 The amount of credit to Carrier will be an amount equal to the pro rata monthly charge for the period during which the facility affected by the interruption is out of service.

5.3 Claims for reimbursement will be made in writing within sixty (60) calendar days of the occurrence. All credit for interruption will begin from the time of actual notice by the interrupted Party to the other Party, in accordance with Section 15 following that an interruption of use has occurred. No credit will be allowed for an amount of less than five dollars (\$5).

5.4 A credit will not be applicable for any period during which the interrupted Party fails to afford access to the facilities furnished by the other Party for the purpose of investigating and clearing troubles.

SECTION 6. AUDIT

Either Party may, upon written notice to the other Party, conduct an audit, during normal business hours, only on the source data/documents as may contain information bearing upon the services being provided under the terms and conditions of this Agreement. An audit may be conducted no more frequently than once per 12-month period, and only to verify the other Party's compliance with provisions of this Agreement. The notice requesting an audit must identify the date upon which it is requested to commence, the estimated duration, the materials to be reviewed, and the number of individuals who will be performing the audit. Each audit will be conducted expeditiously. Any audit is to be performed as follows: (i) following at least 45 days' prior written notice to the audited Party; (ii) subject to the reasonable scheduling requirements, during ordinary business hours, and limitations of the audited Party; (iii) at the auditing Party's sole cost and expense; (iv) of a reasonable scope and duration; (v) in a manner so as not to interfere with the audited Party's business operations. Any other provision of this Section 6 notwithstanding, each Party shall have the right to audit only such data and records as are available in (or reproducible on) paper or other tangible (non-electronic) medium, and neither Party may have access to the other Party's electronic records without the other's prior written consent.

SECTION 7. TERM AND TERMINATION OF AGREEMENT

7.1 This Agreement will become effective upon the first business day following the date this Agreement has been approved by the applicable regulatory authority or authorities and will continue for a period of one (1) year unless terminated earlier under the conditions set forth in this Section. This Agreement will be automatically renewed for successive periods of one (1) year after the initial term unless either Party provides the other Party with no less than ninety (90) day's prior, written notification of, in the case of Citizens, its intent to terminate this Agreement, or, in the case of either Party, its desire to renegotiate at the end of the initial or any successive period. During any such renegotiation, the rates, terms and conditions of this Agreement will remain in effect until the effective date of the renegotiated agreement.

7.2 The date when the facilities and arrangements furnished under this Agreement will be placed into service will be mutually agreed upon by the Parties, subject to applicable state regulatory approvals. If service is not established by such date, or in the event Carrier ceases to engage in the business of providing public land mobile radio service, either Party may terminate this Agreement on thirty (30) calendar days notice subject, however, to payment for facilities or arrangements provided or for costs incurred. Citizens will consult with Carrier prior to termination by Citizens.

7.3 This Agreement will immediately terminate upon the suspension, revocation or termination by other means of either Party's authority to provide communications services over its System.

7.4 This Agreement may be terminated at any time by either Party upon not less than thirty (30) calendar days notice, providing an opportunity to cure, to the other Party as set forth in Section 15 following, for material breach or failure to pay the other Party all undisputed charges on the dates or at the times specified in the applicable invoice for the facilities and services furnished pursuant to this Agreement.

7.5 If a dispute arises between the Parties as to the proper charges for the facilities or arrangements furnished, or any other financial arrangements, the failure to pay an amount in dispute will not constitute cause for termination of this Agreement provided that a bond or escrow account (or other security arrangement reasonably acceptable to both Parties) is made for the security of the amount in dispute. The continuation of such dispute will not be deemed cause for Citizens to refuse to furnish additional facilities or arrangements upon reasonable request of Carrier or otherwise relieve the Parties of their

obligation to fully comply with the provisions hereof as to which no dispute exists, provided financial security for payment of the amount in dispute has been made as stated above. Any dispute arising as to the security arrangement under this Section 7.5 will be subject to the dispute resolution provisions of Section 17 below.

7.6 Notwithstanding any other provisions of this Agreement, this Agreement may be terminated at any time as mutually agreed by the Parties.

SECTION 8. CONFIDENTIALITY AND PUBLICITY

8.1 All proprietary or confidential information ("Proprietary Information") disclosed by either Party during the negotiations and the term of this Agreement will be protected by both Parties in accordance with the terms of this Section 8.

8.2 As used in this Agreement, the term "Proprietary Information" will mean written, recorded, machine readable or other information provided in tangible form to one Party by the other Party regarding the above referenced subject matter and which is marked proprietary or confidential with the appropriate owner corporation name, e.g., "Citizens Proprietary". Information disclosed orally will not be considered proprietary unless such information is reduced to writing by the disclosing Party and a copy is delivered to the other Party within thirty (30) business days after such oral disclosure. The writing will also state the place, date and person(s) to whom disclosure was made.

8.3 Each Party agrees that it will not disclose any Proprietary Information of the other Party in whole or in part, including derivations, to any third party for a period of three (3) years from the date of disclosure unless the Parties agree to modify this Agreement to provide for a different nondisclosure period for specific materials. Neither Party will be liable for inadvertent or accidental disclosure of Proprietary Information of the other Party provided that:

each Party uses at least the same degree of care in safeguarding such Proprietary Information as it uses for its own proprietary information of like importance and such degree of care will be reasonably calculated to prevent such inadvertent disclosure;

it limits access to such Proprietary Information to its employees, attorneys and agents who are directly involved in the consideration of the Proprietary Information and informs its employees and agents who have access to such Proprietary Information of its duty not to disclose; and

upon discovery of any such inadvertent disclosure of Proprietary Information, it will endeavor to prevent any further inadvertent disclosure.

8.4 Information will not be deemed proprietary and the receiving Party will have no obligation with respect to any such information which:

(i) is or becomes publicly known through no wrongful act, fault or negligence of the receiving Party; or

(ii) was known by the receiving Party or by any other affiliate or subsidiary of the receiving Party prior to disclosure, or is at any time developed by the receiving Party independently of any such disclosure; or

(iii) was disclosed to the receiving Party by a third party who was free of obligations of confidentiality to the disclosing Party; or

(iv) is disclosed or used by the receiving Party, not less than three (3) years following its initial disclosure or such other nondisclosure period as may be agreed in writing by the Parties; or

is approved for release by written authorization of the disclosing Party; or

(v) is disclosed pursuant to a requirement or request of a governmental agency or disclosure is required by operation of law.

8.5 Since either Party may choose not to use or announce any services, products or marketing techniques relating to these discussions or information gained or exchanged during the discussions, both Parties acknowledge that one is not responsible or liable for any business decisions made by the other in reliance upon any disclosures made during any meeting between the Parties or in reliance on any results of the discussions. The furnishing of Proprietary Information to one Party by the other Party will not obligate either Party to enter into any further agreement or negotiation with the other.

8.6 Nothing contained in this Agreement will be construed as granting to one Party a license, either express or implied, under any patent, copyright or trademark, now or hereafter owned, obtained, controlled, or which is or may be licensable by the other Party.

8.7 Except for public filings, litigation, or other administrative or judicial proceedings arising from or related to the Agreement, all publicity regarding this Agreement and its Attachments is subject to the Parties' prior written consent.

8.8 Unless otherwise agreed upon, neither Party will publish or use the other Party's name, language, pictures, or symbols from which the other Party's name may be reasonably inferred or implied in any advertising, promotion, or any other publicity matter relating directly or indirectly to this Agreement.

8.9 Intentionally left blank.

SECTION 9. LIABILITY AND INDEMNITY

9.1 Neither Party will be liable for any act or omission of the other Party in the furnishing of that Party's service to its customers.

9.2 To the extent not prohibited by law or tariff and except as otherwise provided in the Agreement, each Party will indemnify, defend and hold harmless the other Party from any loss, cost, claim, injury or liability brought by a person not a Party under this Agreement which is proximately caused by the negligent acts or omissions or willful misconduct of the indemnifying Party or its employees, agents or contractors in connection with the performance of this Agreement. Such indemnity only extends to the comparative degree of negligence attributable to the indemnifying Party, as determined by state law negligence standards.

9.3 To the extent not prohibited by law or tariff, Citizens will reimburse Carrier for damages to premises or equipment of Carrier resulting from the installation or removal of facilities, services or arrangements by Citizens and/or its employees or agents on such premises if predominately caused by the sole or comparative negligence or willful misconduct of Citizens, its employees or agents.

9.4 Carrier will reimburse Citizens for damages to facilities of Citizens provided under this Agreement if caused by the negligence or willful act of Carrier or due to malfunction of any facilities or equipment provided to Carrier by an entity, other than Citizens. Citizens will cooperate with Carrier in prosecuting a claim against the person causing such damage and Carrier will be subrogated to Citizens right to recover for the damages to the extent of such payment.

9.5 Each Party will reimburse the other Party for any loss through theft of facilities provided under this Agreement on such Party's premises attributable to the reimbursing Party's actions (or to that of its agents or employees), except to the extent that such loss is due to the other Party's comparative negligence.

9.6 The Parties will cooperate with each other in the defense of any suit, claim or demand by third persons against either or both of them arising out of the connection arrangements and interchange of traffic including, without limitation, Workers Compensation claims, actions for infringement of copyright and/or unauthorized use of program material, libel and slander actions based on the content of communications.

9.7 Neither Party will be required to reimburse the other for any claim or loss pursuant to this Section 9 arising out of a single incident, where the amount in controversy is less than one hundred dollars (\$100.00).

Each Party's indemnification obligation will be to the extent of infringement by the indemnifying Party.

10.2 Nothing in this Agreement will be construed as the grant of a license by, or the creation of an estoppel against, Citizens, either express or implied, with respect to any patent, copyright, trademark, trade secret or any other proprietary or intellectual property right now or hereafter owned, controlled or licensable by Citizens, except to the extent necessary for Carrier to use any facilities or equipment (including software) or to receive any service provided by Citizens under this Agreement.

12.2 CITIZENS WILL PROVIDE INTERCONNECTION TO CARRIER OF A QUALITY AND IN A DILIGENT MANNER CONSISTENT WITH SERVICE CITIZENS PROVIDES TO ITS CUSTOMERS AND OTHER INTERCONNECTORS, IN ACCORDANCE WITH APPLICABLE TECHNICAL STANDARDS FOR INTERCONNECTION SERVICES ESTABLISHED IN THE TELECOMMUNICATIONS INDUSTRY. CITIZENS MAKES NO OTHER WARRANTY, EXPRESS OR IMPLIED, WITH RESPECT TO TRANSMISSION, EQUIPMENT OR SERVICE PROVIDED HEREUNDER, AND EXPRESSLY DISCLAIMS ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE.

12.3 It is the express intent of the Parties that each Party be solely responsible for all claims of its end-users, including, without limitation, any credits or adjustments that may be issued or required to be issued to its end-users, except to the extent such claims are found to be caused by the other Party's gross negligence or willful misconduct.

12.4 Except for allowance of interruptions as set forth in Section 5, in no event will either Party be liable to the other Party for incidental, special, or consequential damages, loss of goodwill, anticipated profit, or

other claims for indirect or special damages in any manner related to this Agreement or the services even if such Party was advised of the possibility of such damages, and whether or not such damages were foreseeable or not at the time this Agreement was executed.

14.1 This Agreement may be amended only by written agreement signed by authorized representatives of both Parties.

14.2 No waiver of any provisions of this Agreement and no consent to any default under this Agreement will be effective unless the same is in writing and signed by or on behalf of the Party against whom such waiver or consent is claimed.

14.3 No course of dealing or failure of either Party to strictly enforce any term, covenant or condition of this Agreement in any one or more instances will be construed as a waiver or relinquishment of any such terms, covenants or conditions, but the same will be and will remain in full force and effect.

SECTION 15. NOTICES AND DEMANDS

SECTION 16. ASSIGNMENT

Any assignment by either Party of any right, obligation or duty, in whole or in part, or of any other interest, without the written consent of the other Party will be void, except either Party may assign all or part of its rights and obligations to any legal entity which is a subsidiary or Affiliate of that Party without consent, but with written notification. For purposes of this Agreement, an "Affiliate" of a Party is any entity directly or indirectly controlling, controlled by, or under common control with said Party, and "control" means the ownership of, or the power to vote the equity securities or comparable interests of, forty percent (40%) or more the controlled entity. Such written consent to assignment to all other entities will not be unreasonably withheld or delayed. All obligations and duties of any Party under this Agreement will be binding on all successors in interest and assigns of such Party and such assignment will not waive any right or remedy available to either Party under law, regulation or this Agreement, including without limitation the right of set-off. Each Party, upon written notice to the other, may from time to time and without additional consideration add any of its future Affiliates as parties to this Agreement and the other Party shall reasonably cooperate in amending this Agreement to effect such an addition; provided, however, such addition is subject to the condition that any such added Affiliate of Citizens be an incumbent local exchange carrier and any such added Affiliate of Carrier be a Wireless Carrier.

SECTION 17. ESCALATION DISPUTE RESOLUTION AND MEDIATION

Any controversy or claim arising out of or relating to this Agreement, or the breach thereof, will be resolved by both Parties according to the procedures set forth below.

17.1 The Parties desire to resolve disputes arising out of this Agreement without litigation. Accordingly, except for action seeking a temporary restraining order or injunction related to the purposes of this Agreement, or suit to compel compliance with this dispute resolution process, the Parties agree to use the following alternative dispute resolution procedure with respect to any controversy or claim arising out of or relating to this Agreement or its breach.

17.2 At the written request of a Party, each Party will appoint a knowledgeable, responsible representative to meet and negotiate in good faith to resolve any dispute arising under this Agreement. The Parties intend that these negotiations be conducted by business representatives. The location, format, frequency, duration and conclusion of these discussions will be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and correspondence among the representatives for purposes of these negotiations will be treated as confidential information developed for purposes of settlement, exempt from discovery and production, which will not be admissible in the arbitration described below or in any lawsuit without the concurrence of all Parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise admissible, be admitted in evidence in the arbitration or lawsuit.

17.3 If the negotiations do not resolve the dispute within sixty (60) days of the initial written request, the dispute will be submitted to binding arbitration by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. A Party may demand such arbitration in accordance with the procedures set out in those rules. Discovery will be controlled by the arbitrator. The arbitration hearing will be commenced within sixty (60) days of the demand for arbitration. The arbitration will be held in Nashville, TN as mutually agreed to by the Parties. The arbitrator will control the scheduling so as to process the matter expeditiously. The arbitrator will rule on the dispute by issuing a written opinion within thirty (30) days after the close of hearings. The times specified in this Section may be extended upon mutual agreement of the Parties or by the arbitrator upon a showing of good cause. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction.

17.4 Each Party will bear its own costs of these procedures. The Parties will equally split the fees of the arbitration and the arbitrator.

17.5 Neither Party will terminate or suspend the provision of any service or other performance under this Agreement during the pendency of any dispute resolution or arbitration undertaken pursuant to this Section 17.

SECTION 18. ENTIRE AGREEMENT

This Agreement, including the preamble and all Attachments hereto, constitutes the entire agreement between the Parties and supersedes all prior or contemporaneous oral or written agreements, representations, statements, negotiations, understandings, proposals and undertakings with respect to the subject matter hereof. Except as otherwise expressly provided in this Agreement, neither Party is to be bound by any pre-printed terms appearing in the other Party's form documents, tariffs, purchase orders, quotations, acknowledgments, invoices, or other instruments. All exhibits referred to in this Agreement are incorporated herein by reference.

SECTION 19. GOVERNING LAW

This Agreement will be deemed to be a contract made under and will be construed, interpreted and enforced in accordance with the Communications Act of 1934, as amended, and, to the extent federal law is inapplicable, to the laws of the State of Tennessee and will be subject to the concurrent jurisdiction of

the Federal Communications Commission and the courts, public service commission, and other agencies in that state.

SECTION 20. EXECUTED IN COUNTERPARTS

This Agreement may be executed in counterparts, each of which is to be an original, but such counterparts will together constitute but one and the same document.

SECTION 21. HEADINGS

The headings and numbering of Sections and paragraphs in this Agreement are for convenience only and will not be construed to define or limit any of the terms herein or affect the meaning or interpretation of this Agreement.

SECTION 22. FORCE MAJEURE

Neither Party will be held liable for any delay or failure in performance of any part of this Agreement from any cause reasonably beyond its control and without its fault or negligence, including, but not limited to, acts of God, acts of civil or military authority, government regulations or orders, embargoes, epidemics, war, terrorist acts, riots, insurrections, fires, explosions, earthquakes, nuclear accidents, floods, labor difficulties or strikes, power blackouts, unusually severe weather conditions, inability to secure products or services or other persons or transportation facilities, or acts or omissions of transportation common carriers (collectively referred to as "Force Majeure" conditions). The Party whose performance is impaired by such Force Majeure condition will exercise commercially reasonable efforts to mitigate the effects thereof; and neither Party has any obligation to pay for any services disrupted or not provided during the period of such Force Majeure.

SECTION 23. REGULATORY APPROVALS

23.1 Although this Agreement may be executed by both Parties, to the extent that any federal or state statute, order, rule or regulation or any state regulatory agency having competent jurisdiction over one or both Parties to this Agreement will require that this Agreement be approved by such regulatory agency before this Agreement may be effective, this Agreement will not be effective in such state notwithstanding the Parties' signature until the first business day after such approval has been obtained.

23.2 Each Party agrees to cooperate with each other and with any regulatory agency so that any approval necessary to provide the Service(s) under this Agreement is obtained. During the term of this Agreement, each Party agrees to continue to cooperate with each other and with any regulatory agency so that the benefits of this Agreement may be achieved.

SECTION 24. SEVERABILITY

In the event that any one or more of the provisions contained herein, is, for any reason, held to be unenforceable in any respect under law or regulation, the remainder of this Agreement will not be affected thereby and will continue in full force and effect, unless removal of that provision results in a material change to this Agreement. In such a case, the Parties will negotiate in good faith for replacement language. If replacement language cannot be agreed upon, either Party may invoke the dispute resolution procedures of Section 17 foregoing.

SECTION 25. CONDITIONS TO INDEMNIFICATION

Upon a request for indemnification owed by either party (the "indemnifying Party") to the other (the "indemnified Party") under this Agreement, the indemnified Party shall promptly notify the indemnifying Party of any and all threats, written claims, or demands for which indemnification is sought under this Agreement. Each Party shall cooperate fully with the other, and the indemnifying Party shall control such

defense and the right to litigate, settle, appeal (provided it pays the cost of any required appeal bond), compromise or otherwise deal with any such claim or resulting judgment; provided further that such settlement, compromise or other resolution of such claim does not result in any liability to the indemnified Party. The indemnified Party shall have the right to retain to undertake its own defense or settlement of any such threat, claim or demand upon written notice to the indemnifying Party, whereupon the indemnifying Party's indemnification obligations with respect to such threat, claim or demand (but not with respect to any other) shall automatically be excused.

SECTION 26. NO JOINT VENTURE

Nothing herein contained shall be construed as creating a partnership or joint venture by or between the Parties.

SECTION 27. REMEDIES

Unless stated otherwise, all remedies provided for in this Agreement shall be cumulative, nonexclusive and in addition to, but not in lieu of, any other remedies available to either Party at law, in equity, or otherwise.

SECTION 28. TIME OF ESSENCE

Time is of the essence of this Agreement.

SECTION 29. PRONOUNS

Pronouns used herein are to be construed as masculine, feminine, or neuter, and both singular and plural, as the context may require; the term "person" includes an individual, corporation, association, partnership, limited liability company, limited liability partnership, trust, and any other organization; and the term "includes" is to be construed as without limitation.

SECTION 30. FURTHER ASSURANCES

From and after the date of this Agreement, each of the Parties shall, from time to time, at the request of the other Party and without further consideration, do, execute and deliver, cause to be done, executed and delivered, all such further acts, things and instruments as may be reasonably requested or required more effectively to evidence and give effect to the transactions contemplated by this Agreement.
